#### NOTAS

1. Conferir medidas no local. Medidas em metros.
2. Todos os contratados e subcontratados devem verificar atentamente todos os desenhos e especificações. Todas as medidas devem ser verificadas em obra e no caso de observada qualquer divergência, deve-se informar ao responsável indicado.
3. Caso algum dos acabamentos especificados encontre-se fora de linha ou não exista estoque suficiente para o fornecimento, deve-se, imediatamente, entrar em contato com representante desta para nova especificação.
4. Dimensões escritas têm prioridade sobre dimensões verificadas com escala. Quaisquer incompatibilidades devem ser informadas para serem tornadas as devidas providências.
